Price: CA\$180.00

Short Description

The VACUUM SUCTION CUP POWERFIX AUTO is an advanced tool designed for secure and efficient handling of large tiles, glass, and other materials. With automatic pressure maintenance, durable construction, and a range of innovative features, it ensures safety and precision during installation tasks.

Description

The **VACUUM SUCTION CUP POWERFIX AUTO** by TM Mechanic is a cutting-edge solution for professionals working with large tiles, glass panes, and similar materials. Engineered for ease of use and maximum safety, this tool is ideal for challenging projects, such as installing floor-to-ceiling glass walls or fixing heavy tiles on textured surfaces.

Key Features and Benefits:

- **Automatic Pressure Maintenance:** The suction cup automatically maintains optimal working pressure, ensuring a secure and reliable grip on materials.
- **Removable and Powerful Battery:** Equipped with a standard-sized, easily

replaceable battery, it delivers consistent performance without interruptions.

- **White Soft Rubber Surface:** Designed to handle glossy and textured materials without leaving marks or residue, ensuring a clean finish.
- **Dual Pressure Gauges:** Mechanical and electrical gauges provide precise pressure readings for enhanced control and safety.
- **Battery Level Indicator:** Stay informed of the remaining battery life to plan work sessions effectively.
- **Protective Transport Case:** Includes a robust hard case to safeguard the suction cup and its accessories during transportation.

Ideal Applications:

- **Glass Industry Professionals:** Perfect for installing and repairing glass panels in residential and commercial settings.
- **Tile Installation Experts:** Ensures safe handling of large or heavy tiles, reducing the risk of damage or accidents.
- **Construction and Renovation Projects:** A must-have tool for professionals dealing with heavy materials in complex installations.

With its reliable performance and user-friendly design, the **VACUUM SUCTION CUP POWERFIX AUTO** is a trusted choice for professionals seeking efficiency, precision, and safety in their work. Whether you're installing large tiles or handling delicate glass panels, this suction cup provides the confidence and support you need.
